What a surprise, HRC did a survey at the start of the lock down and only 50% of drivers thought they would be racing when the season resumed. Well, the motor racing events held over the last few weekends have had record entries which looks great for the coming season. Most of the HRC meetings for the season are jam packed with classes and some classes may even have to combine. We have not increased the entry fees and if the current level of entries continues they will stay at the current level.

HRC membership is up too and we are doing lots of licence tests. Chris does licence tests at our 44 Stoddard Rd office Monday to Friday and we can also offer the same service for authority cards. You can join HRC online at www.hrcevents.co.nz press "shop"

2KCup had a great meeting on the club circuit at Hampton Downs last month and tried more new ideas. One idea was to have a race where each lap, the last car dropped out.

HRC are running their B & H Meeting on the 25th October featuring the Fleetline 500 and the Store Rite 100 on the traditional Pukekohe circuit (the one without the Super Lap kink).

Fancy entering and having a go?

How about buying a standard car on TradeMe the week before, change the pads and tyres and race on Sunday, sell the car the following week. Remember Standard production cars don't need a roll cage although they are recommended. Best value racing per lap...

Prize money being paid and \$10,000 worth of advertising for the event. Still room for more entries if you are quick !

We also have drivers looking for drives and entries looking for drivers. Perhaps the best idea is post on the B&H Endurance race 2020 face book page

On Saturday 14th November we have our 2KCup Challenge meeting at Hampton Downs. This is a one day meeting and invited classes are 2KCup, Classic Trial, IPC, Trofeo, Touring Car Masters NZ and possibly Formula Vee TBA. 2KCup will only have one grid but if you have a 2KCup car you are welcome to join IPC3 were you will be competitive and very welcome. The races are 2 X 30 minute races. Enter on www.motorsportentry.com

Our next Introduction to Motorsport Day at Hampton Downs is on the 29th November and is being run in partnership with GRGarage Powered by NS Technical. Entries are limited to the first 30 and we are already half full - so get on line and register for this popular event www.hrcevents.co.nz press “shop”

New Zealand Touring Car Masters, a division of Australian Touring car Masters are joining some of the HRC meetings this year and we look forward to some interesting racing. See below for their regulations.

Don't Delay – Enter Today !

On 25th October HRC will stage the B & H Endurance Races on the old Pukekohe circuit. Not the loop but straight through on the back straight. 100 mile race for modified cars and the 500 mile for standard cars.

The **FLEETLINE 500** race will be over 500 miles (or 6.5 hours - whichever comes sooner) and there will no limit on the number of drivers per car and pit stops will also be un-limited, no minimum times or limits to when you stop.

As part of the this meeting we will also run a shorter 100 mile race – The **Store Rite 100** for cars that comply with the IPC rules which allow more modifications though with a minimum lap time of 1.14sec on Hampton.

Entries are open at www.motorsportentry.com and will be on a first come, first served basis. Maximum of 46 entries in each race.

Entry Process:

- Decide which race you want to enter - 100 miles or 500 miles
- Make sure that your vehicle is eligible by reading the rules

Standard Production Car Rules (**Fleetline 500** and **Store Rite 100**)

HRC Classes

Classic Touring Cars meetings this season are

Legends of Speed Hampton Downs 20-21st March

Jamie Aislabie Meeting Taupo 1st 2nd May

Season Finale Hampton Downs 15th 16th May

Classic Touring cars is a non contact class and is gentleman racing, no ladies have entered yet but they would be welcomed.

The cars that we want to see out racing are pre 94 Touring Cars, makes will include BMW, Porsche, Ferrari ,Commodore, RX7, Corvette, Datsun, Group A and any pre 1994 British touring car. All cars must be in pre 1994 spec

Warwick Mortimer has his Ford Sierra sorted and is looking for opposition

We're fast approaching the start of the race season and with it, another year of fantastic on-track action with the Improved Production Cars series.

So let's get right to it.

Here are the highlights of what you can expect:

- Seven regular race events PLUS one endurance race event (B&H500), taking in three race circuits and evenly spread over a nine-month season.
- Three race categories based on speed groups to promote a tight competition and wheel to wheel racing action.
- Free series entry. (Note if we can get fields of over 30 cars IPC can negotiate a reduced entry fee.)
- All race events are completed within one day, with one practice session and two 30-minute races.
- A friendly yet competitive series where just about anyone can win a race and the point scoring system is designed to promote a tight championship all the way to the end.

Racing in another series...?

No problem! IPC welcomes cars from a range of other series. Click [here](#) to find out more about our eligibility criteria and points scoring system.

Sick of doing short sprint races?

IPC runs 2 half hour races in one day. This is a great way to hone your skills and learn to race strategically.

Want more scope to modify your car?

IPC allows a wide range of modifications on any standard production car. Turbos, aerodynamic aids, race suspension, bigger engines, you can do all these things in IPC as long it is the same make and configuration

Like endurance races?

Make sure you get your entry in for the B & H on the 25th October where IPC entrants are eligible for double round points. Rules are on www.hrcevents.co.nz. There are 2 races on the day, the Store Rite100 for IPC spec cars, and the Fleetline500 for unmodified cars (think 2K Cup spec)
